

The Red Door

OHIO IOTA OF SIGMA PHI EPSILON AT THE UNIVERSITY OF TOLEDO – AUGUST 2013

Ohio Iota Wins 6th Straight Buchanan Cup at National Conclave in Dallas

Also:

- Toledo Chapter named outstanding student organization at UT – a first for ANY Greek organization!
- Chapter also sweeps ALL three Dean Parks awards for second year in a row.
- Scott Uram wins Chapter's 17th Zollinger Award for being top Sig Ep in the district.
- Angelo Iachini named the outstanding Greek president.
- Ted Behnken named the outstanding Greek advisor.
- Eric Croak, Jordan Gannon, Ryan Johnston, Carter Bayer, and Drew O'Donnel tapped into Blue Key.
- Josh Beekman named Greek Man of the Year, Rusk Fellow, and new Sig Ep regional director.
- Chapter prominently featured in Sig Ep national magazine "The Journal."
- Drew O'Donnel named the chapter's first Brother Fellow recipient.
- Membership approaches 100.
- Stunning award-winning songfest performance adds to Chapter trophy case.

The Sig Eps of Toledo have finished off one of the strongest years in chapter history. An exhilarated chapter president Eric Croak explained "it is amazing what can be accomplished when this amount of talent, dedication, and deep friendship all comes together to work towards common goals. I am very proud of our brothers for their individual accomplishments and proud of our chapter for what we have been able to do collectively. The long-term

Undergraduate and Alumni Presidents Eric Croak and Ted Behnken show off the Chapter's sixth consecutive Buchanan Cup.

successful example set by our alumni as well as their ongoing guidance certainly set the table for us and hopefully we have lived up to and even exceeded that lofty legacy."

Chapter accolades include winning an unprecedented sixth consecutive Buchanan Cup at the recent conclave in Dallas, being named the outstanding student organization at the University of Toledo, sweeping all three Dean Parks awards for the second year in a row, Scott Uram bringing home another Zollinger outstanding Sig Ep in the district award, immediate past president Angelo Iachini being named the outstanding Greek president, alumni

president Ted Behnken being named the outstanding Greek advisor, having five brothers tapped into Blue Key, Drew O'Donnel being named Ohio Iota's first Brother Fellow, Joshua Beekman being named outstanding Greek Man of the Year, becoming a new Sig Ep regional director, and winning the Rusk Fellow award at the Carlson Leadership Academy.

The conclave contingent from Ohio Iota and the Golden Buchanan Cup.

A Note from the Heart

I am sitting in Dallas, Texas, at our 53rd Conclave, and am thrilled that I had the opportunity to attend. I am humbled by our Fraternity, its size, ideas, and progress. Each time I think we cannot get better, I find that we are evolving and making great strides in our fraternity. Getting our 10th Buchanan Cup, and the second in gold, is just an indication of the great things alumni and undergraduate members can do together. Without a good alumni group, the undergraduate members would not receive a Cup, and obviously, vice-versa. But that's not my point. My point is simple: working together with trust, respect, and the ultimate reward of Friendship is by far the best example of the relationship that our chapter has with our alumni. We have an INCREDIBLE ALUMNI at Toledo, who give so much of their money, time, and efforts into making Ohio Iota a chapter of success. Thank you!

When I speak of Alumni, I am not just talking about our local volunteer board. I am also referring to the brotherhood of Sig Eps who serve as the vital nerves of our resources. A couple of days ago Brother Brad Rice '73 offered his home and hospitality to our alumni and active contingency while they are at Conclave. I personally have not seen Brad in years, and we shared wonderful times and a few of the songs that made our era so much fun, and showed our undergrads how much this means beyond college. Mark Mandula '75 has been a star of stars,

never once saying no. Never once saying I can't help. He reaches out from Florida, and no matter what the issue, Mark says Yes. I think of Brother Larry Leake '52, who has been an inspiration to me personally, and who once said to me, "Ted, we have an unbelievable collection of Brothers, who have the desire to help. We need to rope these guys in, before we lose the chance." And with that help, Larry paved the way to create the Chi Beta Chi/Sig Ep luncheon in October. Matt Bauer '05, with a brand new baby and wife, graciously found a way to help us in funding our success at UT. And Jared Sisley '08 offered help by being the project manager of our Winning Buchanan cup.

So my point...it's not how much you can give, it's how can you give. Every little thing helps, and of course, we would always love you to serve, you're never too late to help, and the only regret you can have is not helping. But the rewards are incredible, and the love of Sig Ep stretches from 1950 to 2013. It's a love of the same thing we all cherish, "Brotherhood."

So as I close, deep in the Heart of Texas, I want to tell you that whatever you can do to help...time, thoughts, memories, gifts...the best we can give is our Heart. For it's the heart of Sig Ep that keeps giving, and the heart of our chapter is our alumni.

Ted Behnken, President
Ohio Iota Alumni Association

Homecoming 2013

The University of Toledo Homecoming celebration will be held on Saturday, October 5. The parade party will be at the home of Tim and Sarah Croak, 2545 Middlesex (corner of Hopewell and Middlesex), starting at 10 a.m. Immediately following the parade there will be a tailgate at the northwest corner of lot 10. Just look for the Sig Ep sign. Also, the chapter house will be open until game time. Come to the house to see the new carpet, furniture, and trophy case! Game time is 3 p.m. against Western Michigan.

Songfest a Hit!

The brothers of Ohio Iota put together a tremendous show for Songfest 2012 and walked away with a second place trophy to add to their new trophy case. To view the performance go to YouTube and search: Sigma Phi Epsilon Toledo Songfest 2013. Thanks to directors Scott Uram, Jangus Whitner, and 2012 sweetheart Emily Croak for putting together a great show!

Golf Outing/Casino Nite

The annual Sig Ep Golf Outing will be held on Saturday, September 7, at 10:00 a.m. at Valleywood Country Club. Alumni, undergrads, and parents are welcome to play. The cost is \$50 for alumni and parents and \$35 for undergrads, and will include golf, cart, and lunch afterwards. There will be prizes at the door and for long drive, long putt, and winning foursome. Please rsvp to Tim Croak at: tcroak@cfpohio.com and plan to pay at the door.

That evening the undergraduate chapter will be sponsoring a Casino Nite at the Mansionview Inn near downtown, at 2035 Collingwood. There will be a cash bar, appetizers, and table games. All Sig Eps, parents, and friends are welcome. There are also several rooms available that evening if you would like to stay overnite at the inn. Bring all the spare money you can afford and be prepared for a fun night of gambling, singing, and partying with our undergrads! All proceeds from both events will go to academic advisor Jeff Witt's program to provide textbooks, tutoring, and other assistance to undergraduate brothers in need.

Academic Focus

I have had the privilege of serving as the Faculty Fellow for UT's Sig Ep chapter for the past two years. In that time, I have worked with chapter leadership in developing an academic success plan that is engaging and flexible yet focused. Before going into the details of the plan, I would first like to point out how academically successful the UT chapter already is. The following table compares the chapter's collective cumulative GPA to that of all UT Greek students, to male Greek students in particular and to all undergraduate students at UT over the past four semesters. As you can see, there is already much to be proud of! In addition to being at the top of these comparisons, Sig Ep had the highest chapter GPA of all social Greek organizations at UT three out of the four years (Kappa Delta pushed us to the number 2 spot in spring 2013).

	Sigma Phi Epsilon chapter GPA	All UT Greek Students GPA	All UT Greek Men GPA	All UT Undergrads GPA
Spring 2013	3.364	3.081	2.840	2.910
Fall 2012	3.398	2.965	2.620	2.730
Spring 2012	3.333	3.074	2.606	2.724
Fall 2011	3.274	3.026	2.725	2.802

The academic success plan consists of the following initiatives:

1. Semesterly individual GPA checks are completed through the Greek Life office. Individuals who fall below a pre-determined GPA goal are notified by chapter leadership that they must schedule a meeting with the Faculty Fellow.
2. Each student who meets with the Faculty Fellow

Ohio Iota Featured in Sig Ep National Magazine "The Journal"

Our chapter was one of four across the country featured in the recent edition of "The Journal" in their extensive story about the power of legacies in certain Sigma Phi Epsilon chapters. Tim Croak (president 1981) and son Eric (current president) talked about their powerful connections of family and fraternity and the Mandula Family (Mark – president 1978, Jack – president 1979, Tom – 1982, and David – 1985) shared their philosophy of helping others. You can find the article by visiting the website: www.sigep.org/news/journal/

will walk out with a hard copy of an Academic Success Plan that is designed to help each individual student overcome specific barriers.

3. The Faculty Fellow attends at least one chapter meeting a month to provide an academic focused presentation.
4. The Faculty Fellow attends at least one chapter leadership meeting and one alumni leadership meeting each semester to evaluate academic success initiatives and discuss additional strategies.
5. Beyond academics, and upon request, the Faculty Fellow also reviews and provides feedback on resumes, cover letters, scholarship applications and any other academic or professional related document.
6. In addition, the Faculty Fellow is readily available to Sig Ep brothers to help them navigate the distractions and challenges of college life. Over the past two years, I have been able to connect brothers with the right person in the right office to get their questions answered or their school related issues resolved in a timely way.

The University of Toledo does provide a great deal of academic and interpersonal support to its students. From the writing center to tutoring to the office of Academic Access, there are many ways for students to enhance their academic performance. The Academic Success Plan takes full advantage of these and many more development opportunities. One challenge to academics that is not so readily addressed is personal finances. Some of our brothers struggle to find the funds needed to cover the ever-rising costs of higher education. Purchasing books that are needed for classes can become a challenge and a few chapter members have not been able to purchase all of the books they need. I believe that this is an area where the Faculty Fellow, chapter leadership and chapter alumni can make a difference. This coming school year, we will explore starting a textbook library which will allow brothers to borrow certain textbooks as needed. We would also like to set aside a modest amount of funds that can be used to help buy books for brothers struggling with financial limitations.

Stay tuned for more discussion on academic success. If you have a thought or idea on ways to encourage our undergraduate brothers to succeed academically, please contact me.

Chapter President's Perspective

Brothers, As another year begins, so closes one of the greatest years in Ohio Iota history. After winning the Triple Crown – First in grades, sports, and campus and community involvement – we were also honored as #1 Student Organization at The University of Toledo for the 2012-2013 year. Our GPA of 3.36 marked the 26th consecutive semester of being the highest among all fraternities. In sports, we won all but two championships, tripling the number of any other fraternity. Finally, thanks to many dedicated brothers, we were able to raise over \$32,000 for philanthropy, and we also have over 70 hours per member of service to the community. This effort was led in large part by Brother Carter Bayer and Brother Drew O'Donnel, both of whom have gone above and beyond in their organizations, making noticeable strides and changing many lives in the community as well. The momentum did not stop there, as Ohio Iota came was awarded 2nd place in Songfest. This performance was one of our best ever, led by Brother Scott Uram and Brother Jangus Whitner. This performance can be seen on YouTube, and I encourage you to check it out! We had 5 members tapped into Mortar Board Honor Society, and also 5 members tapped into Blue Key Honor Society. Joshua Beekman was named Greek Man of the Year, making this the second year in a row for a SigEp to hold that honor. This summer, we have kept extremely busy with the Balanced Man Scholarship. Our brothers have done over 90 interviews in order to ensure the best recipients will win the \$5,000 in scholarships we have to give out. Through out this past year, our brotherhood has truly remained the foundation for our accomplishments. By relying on one another and building relationships, SigEp has been able to mentor younger members into being the Balanced Men that we all strive to become.

Ohio Iota has always held itself to one standard: Excellence. This excellence is formed by the recruitment, development, and experiences of our brothers year after year. Many chapters can obtain this excellence for a year, maybe two, but this year marks Ohio Iota's 12th consecutive year of that excellence. At Conclave this past month, we were awarded a Golden Buchanan Cup, marking 12 consecutive years of being in the top 10% of chapters nationally. Only 7 chapters were able to achieve this high award, and we are honored to receive this award on behalf of both our undergraduate brothers and our alumni. This honor gives our brothers an ultimate goal to continue pushing towards. For 12 years, our motivation to excel has stayed constant, and this motivation has allowed us to break barriers that were previously unheard of. On behalf of the current undergraduate brothers, we whole-heartedly thank you for your service to this organization, and we truly would not be here without you. As a 9-year old in 2001, I would've never imagined continuing on a legacy that has been going on for so long, and this opportunity is something that I will always be grateful for.

Setting ourselves apart has become second nature to our chapter, and it's this drive to be great that truly makes Ohio Iota different from any chapter in the nation. Our brothers are committed to doing things differently, and they are committed to sharing that knowledge with organizations all over campus and in the community. This year, we hope to build upon our accomplishments and become even stronger than years past. Be sure to not miss out on what is happening in the chapter, as there have been tons of alumni coming back for events such as homecoming, songfest, and the golf outing. Your participation is always welcomed, and we hope that these events can grow every year. Again, thank you for the continual support, and it is, and always will be, great to be a SigEp.

Eric Croak

Fall '78 brother Mark "daddy wags" Wagner enjoys the senior/alumni appreciation dinner.

Brother Mike Todak offering free legal advice at the senior/alumni appreciation dinner.

Brother Fellow Challenge

The Brother Fellow Challenge requires a tremendous amount of work and very few brothers across the nation have accomplished the project. It is Sigma Phi Epsilon's highest honor received as an undergraduate student. To complete this challenge the brother must maintain a 3.0 GPA, serve as a leader in at least one campus organization, be in the Brother Mentor Challenge, and complete a 500-hour or 60-day service project that benefits the community and is capable of being sustained after the student is gone.

In the spring of 2012, I was approached by two of our past presidents, Jared Sisley and Angelo Iachini, to consider taking on this challenge. At first I didn't know what to expect because I had never heard of Brother Fellow but because of my passion for service I was interested in learning what the challenge entailed. After hearing all of the details I quickly agreed to dedicate myself to it and immediately began brainstorming project ideas. During this same spring I helped to start an organization on campus with three other brothers, Jangus Whitner, Ryan Johnston, and Mitch Howard. The organization began with the help of a nonprofit organization in the area called Food for Thought. We both wanted more students to participate in service projects so a branch of Food for Thought was formed on campus and was named Bridge Club. It is named so because the goal of the organization is to "bridge the gap" between students on campus and the community. Bridge Club performs the same tasks as Food for Thought does, which consists of making peanut butter and jelly sandwiches and packing them in to bags with chips and cookies on Friday afternoons and delivering them downtown Toledo on Sunday mornings to those in need.

Through starting this organization I developed a strong passion to see it grow. So one night while thinking about Brother Fellow it clicked that Bridge Club could be my challenge. After discussing with my mentor for the challenge and Chief Thought Office of Food for Thought, Sam Melden, I came up with my project plan. I was going to continue and increase the success of Bridge Club on Toledo's campus as well

as start new Bridge Clubs at other schools. My goal was to increase students' awareness about the many issues our society faces on a daily basis, with a big one in Toledo being poverty and loneliness. I wanted to branch out to reach as many students as possible and not be restricted to The University of Toledo's population.

Once this idea was implanted in my brain there was no turning back. I started working diligently, making connections, starting the application for candidacy, and working on the initial report. When school started in the fall of 2012 the plan for Bridge Club to grow was in full effect. I helped to increase the size of Toledo's Bridge Club and started one at Bowling Green State University. The Bridge Club at BGSU was eventually turned over to their students and now leaders from UT and BGSU are collaborating to improve the organization for this academic year. Between these two campuses, Bridge Club had over 650 volunteers, made over 2,600 lunches, and dedicated over 1,200 hours of service.

Accepting the Brother Fellow Challenge has been one of the most rewarding, beneficial, and yet difficult tasks I have ever taken on. I got to see a lot of the positive effects of what the organization did for both the community and students here on campus. We truly made an impact in the lives of many individuals in need and were able to assist students in finding a place to fit in at the university and discover the joy of giving back to others. It was frustrating at times though because of the many mishaps that occur while running any organization. However, all of this was worth it because it helped me to grow as an individual and allowed me to develop skills such as personnel, time management, organization, and leadership skills. By completing the Brother Fellow Challenge I became the first brother from Ohio Iota to accomplish it since this started about 10 years ago. There are also less than 30 Brother Fellows nationwide and every other year the recipients are honored at Conclave. I will be traveling to Dallas, Texas, this summer to represent our chapter and receive the honor of Brother Fellow

Sigma Phi Epsilon Scholarship Report

As a fraternity, we are lucky to have five Scholarship Funds organized through the University of Toledo Foundation. All of our funds were initiated by the efforts of dedicated brothers for various reasons over the years. As Alumni, these funds provide a way for us to give direct financial support to active brothers in their quest to learn, grow, and advance their lives through Sigma Phi Epsilon. It's not just about the rising cost of education; these scholarships have a direct impact for many, giving leadership and brotherhood opportunities that might not otherwise be available. Since all of these funds are endowed, they will always be there to work for values of Sigma Phi Epsilon.

Here is a summary of our Sig Ep funds:

Sigma Phi Epsilon Ohio Iota Chapter / Balanced Man Scholarship:

Established 1984, this is a general scholarship fund awarded to actives based on involvement, academics, service, and financial need. It currently has a balance near \$75,000. This is a great choice if one of the more targeted funds aren't quite the right fit.

Dick and Kay Bensman Scholarship for Sigma Phi Epsilon:

Established in 2011, this fund seeks to award Junior or Senior Sig Eps with an above average grade point and gives a preference toward graduates from Toledo Public Schools. It currently has a balance over \$30,000.

Richard L. and Gail W. Springer Sigma Phi Epsilon Leadership Fund:

Established in 2005, this fund promotes leadership training opportunities for Sig Eps, providing funding

for various camps and academies. It currently has a balance over \$26,000.

Sigma Phi Epsilon Margaret R. and John Mandula Jr. Challenge Fund:

Established in 2003, this fund seeks to award Sig Ep "Balanced Men" excelling academically and in campus and chapter involvement. This fund has been well supported by many, including the four Mandula brothers that many of you know. It now has a balance exceeding \$123,000.

Sigma Phi Epsilon President Club Scholarship – In Memory of Robert Gates:

This is our most recent fund established earlier this year. It will support active officers living in the Sig Ep house. Including gift and pledges, this fund is over half way toward its initial goal of being endowed at \$25,000.

Here are some things to keep in mind:

- If you have questions or need help, feel free to contact me at Randy@TheMcCulloughs.us.
- This link will allow you to give directly online: <https://give2ut.utoledo.edu/default.asp>.
- Be sure to designate your gift to one of the above funds.
- Your gift is tax deductible.
- You can give as much or as little as you want.
- You can put it on your credit card or write a check.
- You can do a recurring gift on your credit card.
- You can be a part of this!
- **You can help make a difference!**

Sig Ep Alumni Chris Dimando Finishes 3rd Tour of Duty with US Army

For Ohio Iota alumnus Chris Dimando the college and fraternity experience was anything but typical. Born and raised in Toledo, Ohio, by wonderful parents Jim and Carol Dimando, he graduated from Bowsher High School in 2004 and upon graduation set out to seek adventure (and free college tuition) in the United States Army as an Infantryman. Throughout his military career, he proudly served three different year-long tours overseas—Iraq 2005, 2008, and Afghanistan 2011-2012. Between tours of duty he attended the University of Toledo where he studied Finance and Economics and eventually graduated in the spring of 2011. He rushed SigEp in the fall of 2009 and loved every second of it. Chris is thankful for joining such a wonderful brotherhood, which enabled a fruitful college experience that he'll always cherish. He states "The camaraderie was my favorite aspect, as it filled an empty void that stemmed from missing my brothers in arms from my time in combat." If we fast forward to the present day, Chris currently works as an Investment Advisor at Creative Financial Partners under the tutelage of Tim Croak, where clients are helped to achieve their dreams through comprehensive financial planning.

A Tribute To Robert Gates

The Sigma Phi Epsilon Presidents Club

As many of you may know, "Bob" passed away this past year. In April, at our Senior Dinner, we honored his legacy of transforming Chi Beta Chi into Sigma Phi Epsilon. The Dinner was attended by over 100 Sig Eps and guests, and it was a wonderful time to share the memory of our first Sig Ep President, Robert Gates.

We had many wonderful moments, and many memories of Ohio Iota and how we got our start. Thank you to Larry Leake, who share his thoughts and memories of the transition from a local chapter to a National Chapter of Sig Ep. Especially fitting were the gifts in Bob's memory, which will be used to help our undergraduate Executive members with living on campus. Bob truly believed that the only option for Chi Beta Chi was Sig Ep. We are glad he steered this movement, whereby we were able to become a chapter of the best and largest fraternity in the nation.

We asked the family for their input, and not only did they share some of Bob's life, but also provided a wonderful gift for all brothers to remember Bob. Janet Gates was an inspiration to us all, and showed us the love and determination of a man that many of us never had the chance to meet. He had his wedding reception in the 335 Winthrop St. House, and married his college sweetheart.

Thanks to the many past presidents who contributed to the new Gates Presidential Scholarship. A complete list will be in the next *Red Door*. Without your help, we would never have been able to get this fund off the ground.

Finally, when you get your letter in the late fall, please consider a gift to this scholarship! If you would like to give in Bob's memory, send a donation to: The University of Toledo Foundation, Sigma Phi Epsilon Presidents Club, in memory of Robert Gates, 2801 W. Bancroft St., Toledo, Ohio 43606.

Zollinger Award

My name is Scott Uram and I am a fifth year pharmacy major and one of the newest members of our active alumni group. I've grown up in Toledo my entire life and I am a graduate of St. Francis de Sales High School.

In February of 2013, I was selected as a recipient of the J. Edward Zollinger Outstanding Senior Award, which was presented to me at the Carlson Leadership Academy in Chicago, Illinois. The J. Edward Zollinger Outstanding Senior Award is presented each year to one outstanding senior in each of the 26 districts of the fraternity. The district governor makes the selection, based on nominations from the chapters, chapter counselors, alumni, and volunteer corporations. The award is based on outstanding scholastic achievement, campus leadership, and community involvement. A sophomore is then selected by the chapter of the Zollinger Senior as a man with outstanding leadership potential. Earlier in April, the chapter chose Lucas O'Neil as the standout sophomore for his high scholastic marks and dedication and service to our chapter. He receives a \$500 scholarship in his junior year and another \$500 scholarship his senior year.

Have you ever heard the quote, "you're the average of the five people you spend the most time with?" As a freshman trying to make friends, I wanted to surround myself with individuals who were supportive, positive people, who wanted to succeed and weren't afraid to challenge the status quo. Individuals who had morals and values that would push me to be the best person

I could be. It was inevitable that I found that group of individuals during the fall of 2009 when I joined the brotherhood of SigEp Ohio Iota, which turned out to be the best decision of my college career. My time as an active brother shaped me into the person I am today and taught me many things the classroom didn't teach. How to sell an intangible idea like friendship during recruitment. How to lead a group of men by conviction and enthusiasm without any carrots or sticks. I only stuck with the pharmacy program because I went through the rigorous course work with other brothers. I made friendships that will last a lifetime and started traditions that will be remembered for years to come.

SigEp has truly taught me life lessons and has enriched my life with incredible friends and mentors. I'm sure other alumni share the same feeling of indebtedness to our fraternity that I feel each day, which is why so many give their time, talent, and money. A chapter isn't successful unless it has strong alumni, being there for the chapter when they're needed, and I can speak from experience that Ohio Iota wouldn't be a Gold Buchanan Cup-winning chapter without the nameless alumni working tirelessly for the chapter in the background. I'm excited to start in this servant role and explore opportunities where I can give back to the chapter that has given me so much. After all, being a member of Sigma Phi Epsilon is the commitment of a lifetime. As always and forever, it's great to be a SigEp!

Sigma Phi Epsilon

Ohio Iota Alumni Association

Chi Beta Chi 1950 to 1970 Event

A Visit to the Past to the Winthrop Street House!

Date: October 4, 2013

Time: Early Afternoon (Day Before Homecoming)

Tom Schnell, Dick Bensman, Larry Leake, and Don Thurber are working with the Alumni Chapter to have a bus Tour on Friday, October 4, for the Brothers that lived in the 335 Winthrop St. House.

The bus will start from the Field House, if available, and leave for the Winthrop Street House. After the tour of the house, the bus will arrive at the Sig Ep House, take a tour of the house, and then depart to the renovated Field House for a early dinner.

The Question... Would you be interested? The event will require a UT bus, a donation to the owner of the Winthrop house, and the cost of the dinner.

Do you think this is a good idea?

If so, contact:

Tom Schnell, trs2@toast.net

Randy McCullough,

rmccullough@themcculloughs.us

Ted Behnken, tedohio@aol.com (419-346-4700)

We need to get a group of 40 or so to make it happen.

The Chi Beta Chi house was sold around 1970, so anyone prior to this may be interested in the Chi Beta Chi Tour.

Please contact us immediately to show us your support!
